

BHI & BSN 2018

4-7, March 2018 Treasure Island Hotel & Casino, Las Vegas, Nevada – USA

Workshop/Tutorial title: IEEE11073 Personal Health Device Standards

Organizers

Dr Malcolm Clarke Brunel University
Bill Ash IEEE

Short description

The workshop will introduce the IEEE 11073 PHD standards and then provide technical detail to the interests of the attendees

Contents

The workshop will describe the 11073 PHD standard, including the object model, nomenclature and protocol. It will show how the object model maps to other standards. It will complete by covering device specializations.

CVs of the organizers

Malcolm Clarke is a Reader at Brunel University specializing in health technology.
Bill Ash is with the IEEE Standards Association
